

DELHI PUBLIC SCHOOL
VISAKHAPATNAM STEEL PLANT
ASSIGNMENT NOVEMBER – DECEMBER 2020
Class: II

Subject: ENGLISH

I. Read the passage and answer the following questions.

Rubbish is something that we don't want any more. We all throw away rubbish every day. Some people throw waste paper or empty bottles on the road. This is called litter. Litter makes a place dirty and smelly. We should always throw litters into bins. Things like paper and bottles can be put in separate bins. People can make new things out of them. Rubbish from kitchen and garden can be mixed with soil. This things help plants grow better. We should be careful with rubbish. If we throw it anywhere, it can make us ill. Pieces of glass or bottles can hurt people and animals. We must keep our homes and school neat and clean.

Q.1. What is rubbish?

Q. 2. What can we do with paper and bottles?

Q.3. What should we do with the rubbish from kitchen garden ?

Q.4. What happens if we throw rubbish anywhere ?
