I. Read the comprehension and answer the following.

The Growth of Online Learning Platforms

1. In the past decade, technology has transformed the way people access education, giving rise to online learning platforms. These platforms offer flexibility, affordability, and accessibility to learners across the globe. They not only focus on delivering knowledge but also emphasize skill development through interactive courses and digital resources.
2. A well-known example is “EduPath,” founded by two young entrepreneurs. The platform began with offering short courses in computer programming and has now expanded into areas such as digital marketing, graphic design, and foreign languages. Initially, EduPath struggled with issues like limited internet access in rural regions, lack of trust in online certification, and stiff competition from traditional institutions. However, its focus on affordability and quality content helped it gain recognition worldwide.
3. Studies reveal that online learning is especially attractive to working professionals and students seeking flexible schedules. Governments and organizations are also promoting e-learning by providing subsidies, training programmes, and digital infrastructure. These initiatives highlight how technology and education can combine to create equal opportunities for diverse groups of learners.
4. Ultimately, online learning platforms demonstrate that education can be democratized through innovation. By providing access to knowledge at one’s own pace and place, they inspire lifelong learning. Their success proves that quality education need not be limited by physical classrooms.
5. Despite their rising popularity, online platforms still face the challenge of ensuring learner engagement and credibility. Many learners drop out due to lack of motivation, while employers sometimes question the value of online certificates. To overcome these hurdles, platforms are investing in interactive tools, AI-based progress tracking, and partnerships with universities to enhance recognition. As awareness spreads, online learning is expected to become a mainstream mode of education for future generations.

प्रश्न 1. निम्नलिखित गद्यांश पर आधारित प्रश्नों के उत्तर दीजिए। (7)

हमारे जीवन में उत्साह का विशेष स्थान है। किसी काम को करने के लिए सदा तैयार रहना तथा उस काम को करने में आनंद अनुभव करना, उत्साह का प्रमुख लक्षण है। उत्साह कई प्रकार का होता है, परंतु सच्चा उत्साह वही होता है, जो मनुष्य को कार्य करने के लिए प्रेरणा दे। मनुष्य किसी भी कारणवश जब किसी के कष्ट को दूर करने का संकल्प करता है, तब जिस सुख को वह अनुभव करता है, वह सुख विशेष रूप से प्रेरणा देने वाला होता है। इसी उत्साह के लिए कहा भी गया है, “साहस से भरी हुई उमंग ही उत्साह है।” जिस कार्य को करने के लिए मनुष्य में कष्ट, दुःख या हानि को सहन करने की ताकत आती है, उन सबसे उत्पन्न आनंद ही उत्साह कहलाता है। दान देने वाला व्यक्ति अपने भीतर एक विशेष साहस रखता है और वह है धन- त्याग का साहस। यदि यही त्याग मनुष्य प्रसन्नता के साथ करता है, तो उसे उत्साह से किया गया दान कहा जाएगा। इसी प्रकार, युद्ध – क्षेत्र में वीरता दिखाने वाले तथा दया के लिए वीरता दिखाने वाले भी अपने-अपने क्षेत्र में उत्साह का कार्य करने वाले हैं।

फल की भावना से उत्पन्न आनंद भी साधक कर्मों की ओर हर्ष और तत्परता के साथ प्रवृत्त करता है पर फल का लोभ जहाँ प्रधान रहता है, वहाँ कर्म-विषयक आनंद उसी फल की भावना की तीव्रता और मंदता पर अवलंबित रहता है। उत्साह वास्तव में कर्म और फल की मिली-जुली अनुभूति है, जिसकी प्रेरणा से तत्परता आती है। यदि फल दूरी पर दिखाई पड़े, उसकी भावना के साथ उसका लेश मात्र भी काम या प्रयत्न के साथ-साथ लगाव न मालूम हो, तो हमारे हाथ-पाँव कभी न उठें और उस फल के साथ हमारा संयोग ही न हो।

(क) गद्यांश के अनुसार, सच्चा उत्साह किसे कहा गया है ?

(i) जो मनुष्य को खुशी प्रदान करे

(iii) जो मनुष्य को उत्साहित करे

(ii) जो मनुष्य को कार्य करने के लिए प्रेरित करे

(iii) धन त्याग करने का

(ii) अनुभव त्याग करने का

उपनेता प्रेमचंद, जो अग्रिम दल का नेतृत्व कर रहे थे 26 मार्च को पैरिच लौट आए। उन्होंने हमारी पहली बड़ी बाधा खुंभु हिमपात की स्थिति से हमें अवगत कराया। उन्होंने कहा कि उनके दल ने कैप – एक (6000 मी.), जो हिमपात के ठीक ऊपर है, वहाँ तक का रास्ता साफ़ कर दिया है। उन्होंने यह भी बताया कि पुल बनाकर, रस्सियाँ बाँधकर तथा झंडियों से रास्ता चिह्नित कर सभी बड़ी कठिनाइयों का जायजा ले लिया गया है।

उन्होंने इस पर भी ध्यान दिलाया ग्लेशियर बर्फ की नदी है और बर्फ का गिरना अभी जारी है। हिमपात में अनियमित और अनिश्चित बदलाव के कारण अभी तक के किए गए सभी काम व्यर्थ हो सकते हैं और हमें रास्ता खोलने का काम दोबारा करना पड़ सकता है। ‘बेस कैप’ में पहुँचने से पहले हमें एक और मृत्यु की खबर मिली। जलवायु अनुकूल न होने के कारण एक रसोई सहायक की मृत्यु हो गई थी। निश्चित रूप से हम आशाजनक स्थिति में नहीं चल रहे थे।

एवरेस्ट शिखर को मैंने पहले दो बार देखा था, लेकिन एक दूरी से बेस कैप पहुँचने पर दूसरे दिन मैंने एवरेस्ट पर्वत तथा इसकी अन्य श्रेणियों को देखा। मैं भौचक्की होकर खड़ी रह गई और एवरेस्ट, ल्होत्से और नुत्से की ऊँचाइयों से घिरी, बर्फ़ीली टेढ़ी-मेढ़ी नदी को निहारती रही।
