## Revision Assignment 2022-23

### Subject: ENGLISH

I. Read the poem carefully.

The Earth with its great green trees  
Its infinite life and boundless beauty  
The only earth there'll ever be  
These waters of deep springs of rivers and lakes  
Drops of dew and clouds above  
All the water there has ever been.  
The air around that everyone breathes  
Over and over, forever and ever  
Love this earth  
Love it as much as life itself  
Earth from which all life has come  
Earth to which all life returns  
Love its waters and keep them clean
